## ASEAN M&E 2022 Show Set to Kick-off from 7 – 9 Nov 2022

ASEAN M&E 2022 will feature TENAGA Energy and REVAC Expo

10,000 visitors from 60 countries expected

*All under one roof at KL Convention Centre from 7-9 Nov 2022*

---

**KUALA LUMPUR, 17 October 2022** - Informa Markets' ASEAN M&E 2022 show is set to welcome **10,000 visitors from 60 countries** from 7 – 9 Nov 2022 at Kuala Lumpur Convention Centre (KLCC). Being the first fully physical exhibition since the COVID-19 pandemic, ASEAN M&E - Southeast-Asia's premier Mechanical, Electrical Engineering and Energy trade show – will host **150 exhibitors from more than 11 countries**, with **4 grand international pavilions** (Singapore, India, China and Turkey).

Beyond these pavilions, visitors can expect to directly engage with exhibitors from other major countries such as Germany, Ireland, Sweden, Japan, Pakistan, Hong Kong, Indonesia and others. ASEAN M&E will **also feature TENAGA Energy and REVAC**, all under one roof at the **Kuala Lumpur Convention Centre (KLCC)**.

TENAGA Energy is a dedicated show for the power, electrical and utilities industry, while REVAC will cater to the heating, ventilation, air conditioning and refrigeration (HVACR) industry. To date, among the big brand names that have confirmed their participation such as Tenaga Nasional Berhad (TNB), Ray Go Solar, Assign Group, Daikin Malaysia, Mitsubishi Electric, American Air Filter, Japan Air Filter Malaysia, Mayair and Haier Electric. In addition, **Malaysia's Sustainable Energy Development Authority (SEDA) and Energy Commission** will be taking part in ASEAN M&E to lead the way for Malaysia's energy transition and decarbonisation.

ASEAN M&E will also showcase **next-generation technologies, including Electric Vehicles (EV)** and related products such as charging stations, as part of the expo's efforts to further drive the region's energy transitions ambitions. With Southeast-Asia committed to reduce its carbon footprint and the regional countries passing laws and policies to address climate change, ASEAN has emerged as an important market for EV technologies. Malaysia, in particular, is among the top three front-runners in net zero target among ASEAN peers.

## MEET • ENGAGE • RECONNECT

ASEAN M&E is built to capitalise on this huge market potential. The expo welcomes the participation of ASEAN's top-notch power and utility companies such as MERALCO, PHILRECA and others to further explore collaborations in ASEAN's net-zero carbon emission pursuit.

**General Tan Sri Dato' Seri Panglima Mohd Azumi bin Mohamed (Rtd.)**, Co-Chairman of Informa Markets Malaysia said: "the future of the engineering, power and HVAC industries is exciting. Post-pandemic, companies have been ramping up their innovation efforts in line with the global megatrends. ASEAN M&E leverages on this renewed interest for technologies, by bringing together industry professionals and leading companies under one roof.

ASEAN M&E is not an ordinary trade show where companies simply exhibit. The three-day event also features conferences, seminars, business matchings and talks that will allow professionals to discuss and share about the latest innovative solutions, products and services. This is why we see a strong interest for ASEAN M&E from within and beyond the region."

ASEAN M&E is supported by its main sponsors, namely, Camfil, Elsewedy Electric Indonesia and Syrix Global.

With only three weeks to go before the ASEAN M&E 2022 Expo, Informa Markets welcomes interested companies to book their exhibition stand now to avoid any disappointment. Interested visitors can also register now to participate in this trade show at <https://ishk.infosalons.biz/reg/StandardRegister/PC/aska/#!/login?linkguid=YULG2RQX> or visit [www.aseanmne.com](http://www.aseanmne.com) for more details.

### Notes to Editor:
